

## Pasos para actualización del Firmware Impresora 2C-P58-C

- 1.- Debemos instalar la impresora en Windows POS58Setup\_20210326.exe
- 2.- Ejecutar el Programa PrinterTool\_20190817.exe dentro de 2C-PrinterTool.rar

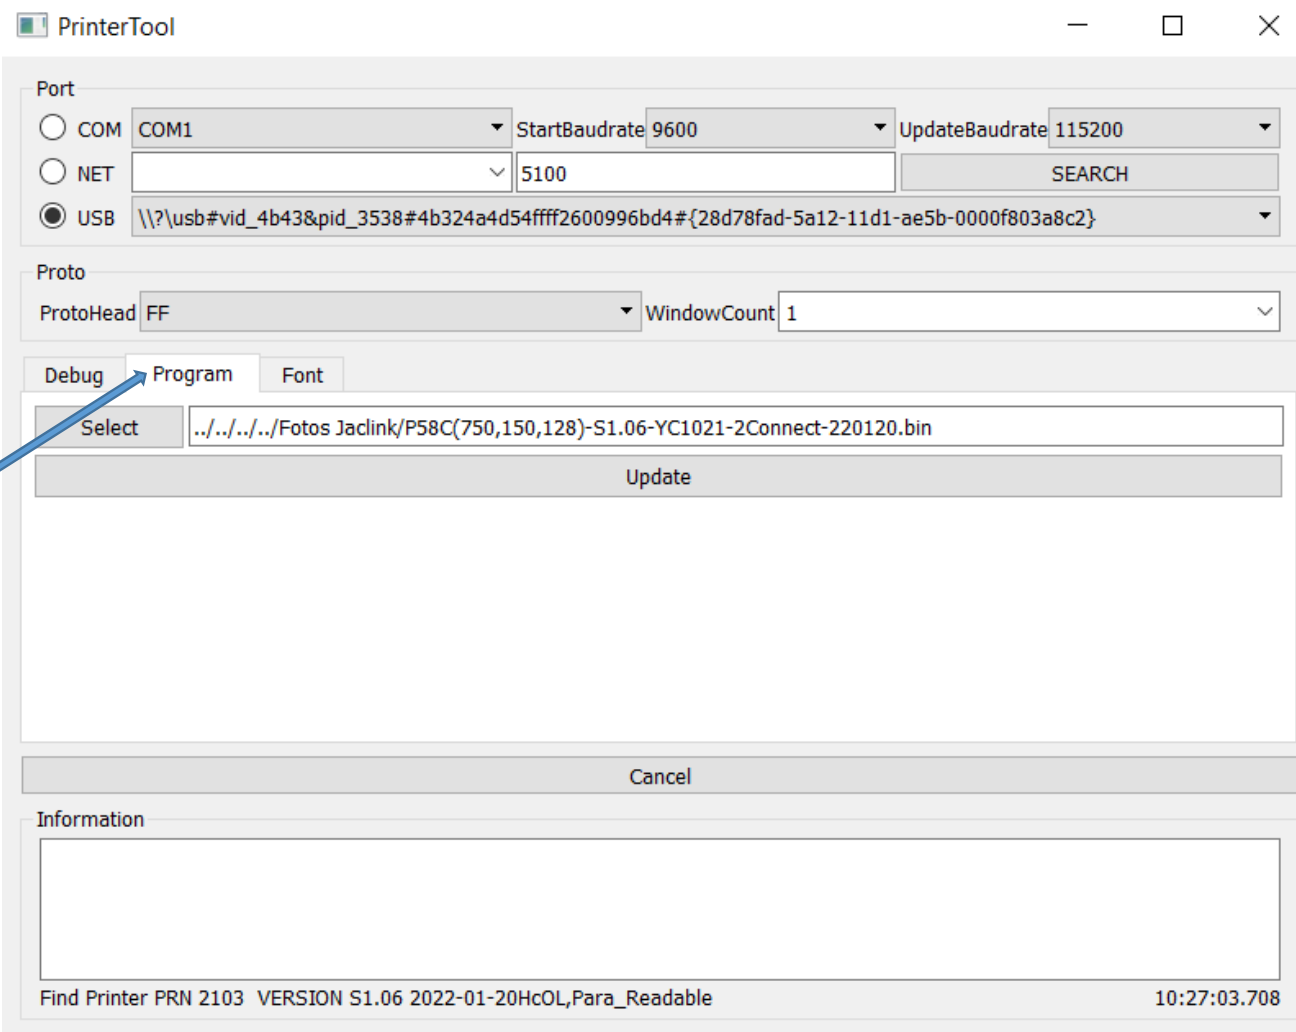

3.- Elegir la Opción USB

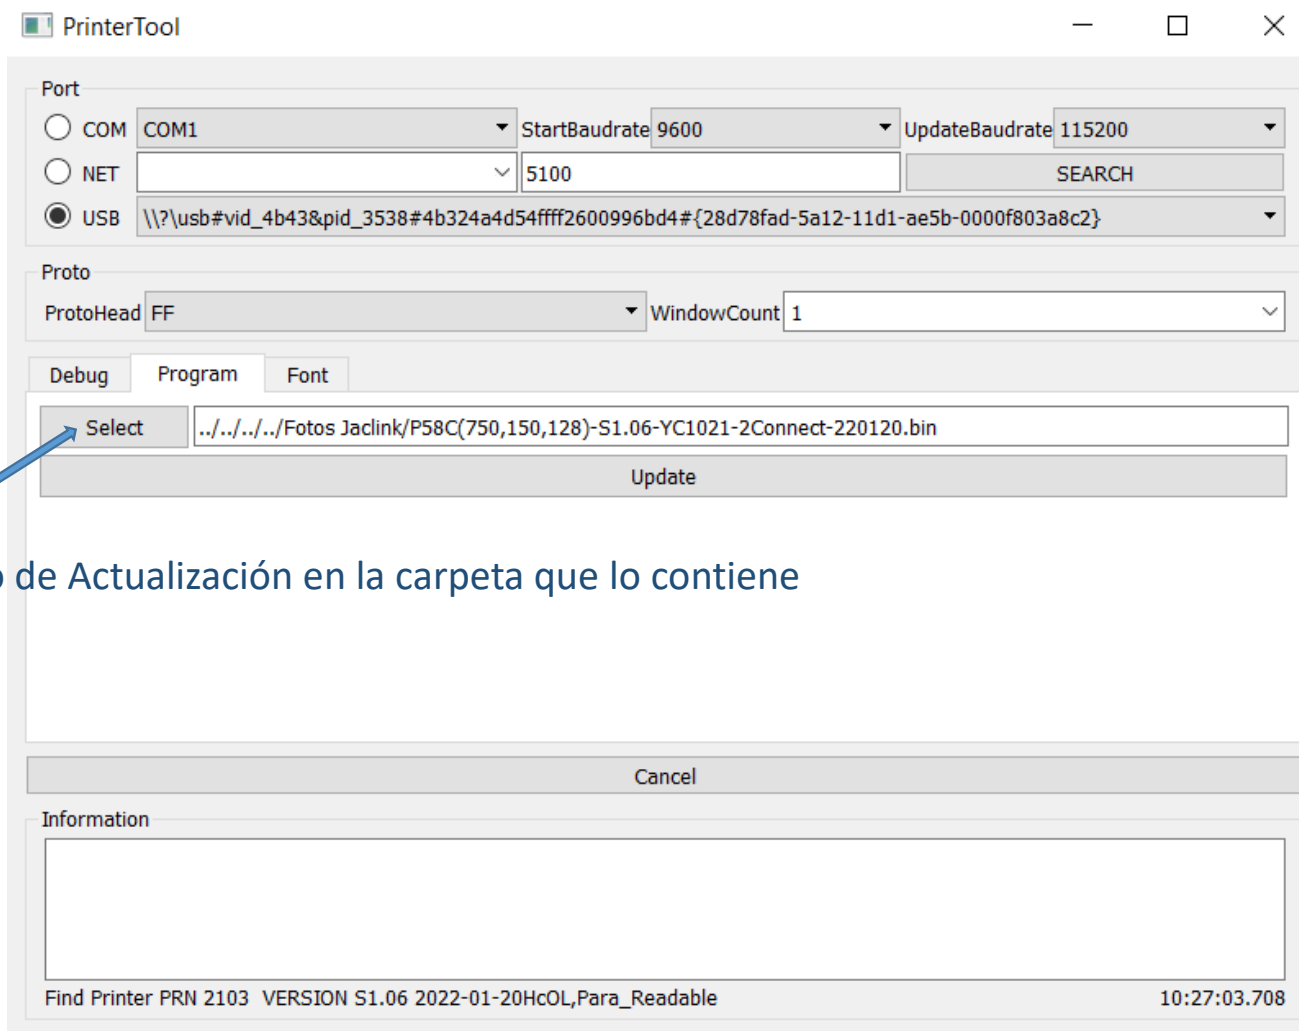

The screenshot shows the 'PrinterTool' application window. The 'Port' section has three radio buttons: 'COM', 'NET', and 'USB'. The 'USB' option is selected, indicated by a blue arrow from the text '3.- Elegir la Opción USB'. The 'COM' dropdown is set to 'COM1', 'StartBaudrate' is '9600', and 'UpdateBaudrate' is '115200'. The 'NET' dropdown is empty, and 'SEARCH' is a button. The 'USB' dropdown shows a long path: '\\?\usb#vid\_4b43&pid\_3538#4b324a4d54ffff2600996bd4#{28d78fad-5a12-11d1-a'. The 'Proto' section has 'ProtoHead' set to 'FF' and 'WindowCount' set to '1'. Below this are three buttons: 'Test', 'Read', and 'Boot'. At the bottom is a 'Cancel' button and an 'Information' section with an empty text area.

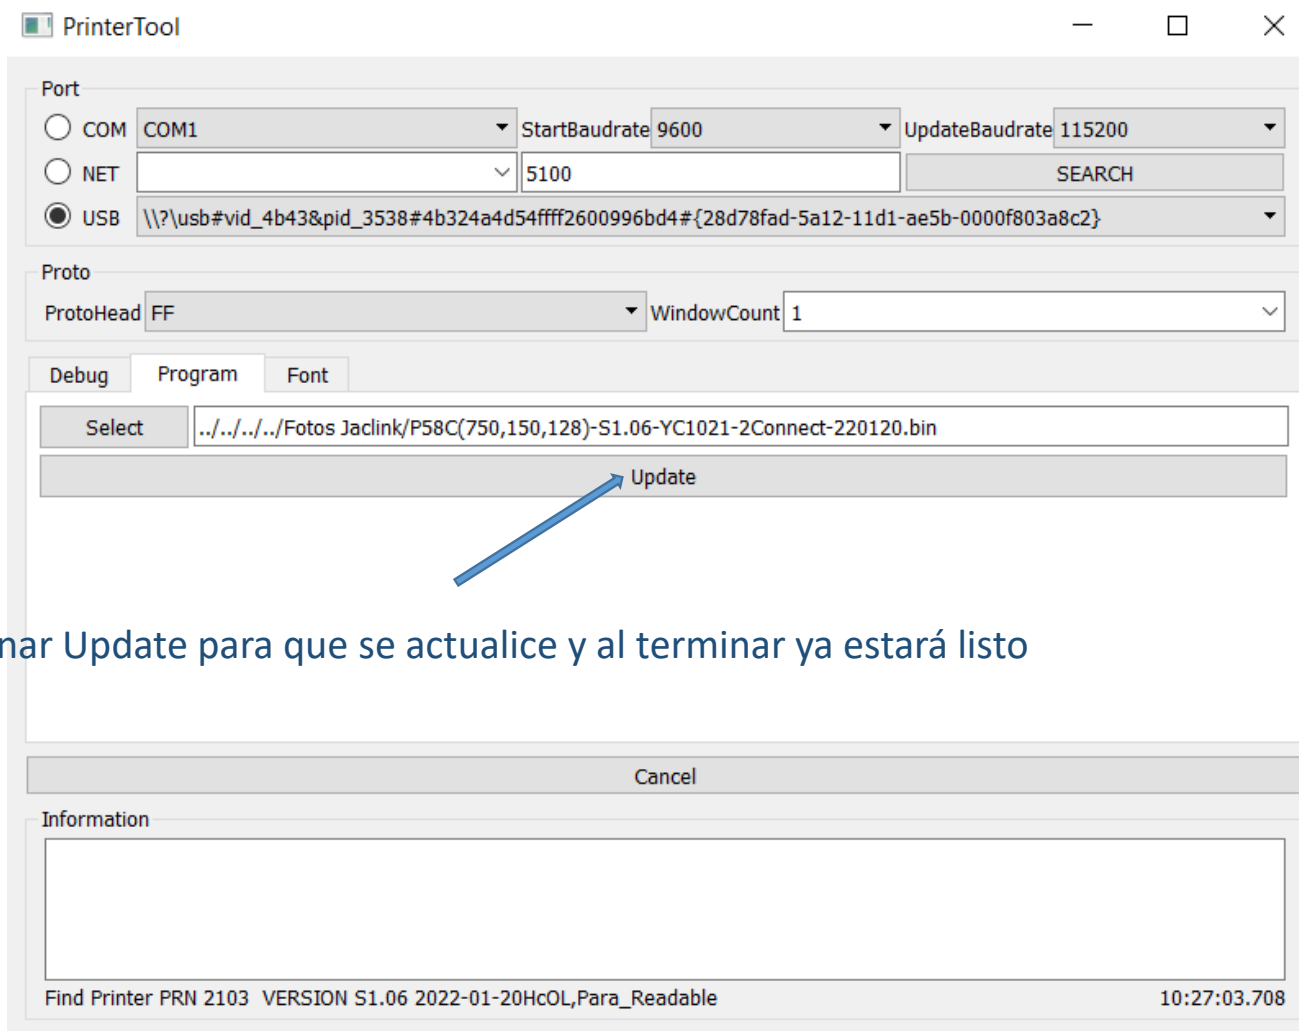

4.- Elegir la Impresora P58-C

5.- Elegir Opción Program

6.- Seleccionar el archivo de Actualización en la carpeta que lo contiene

7.- Presionar Update para que se actualice y al terminar ya estará listo
